innovation through collaboration and coercion in the video game industry, 252–266

**Organised crime**

involvement in intellectual property crime, 196–200

**Orphan works**

missing owner problem, 4–18

policy options, 4–18

**Paris Convention — see TRIPS Agreement**

**Passing off**

compared with trade mark anti-dilution, 26–27

**Patent Amendment (Human Genes and Biological Materials) Bill 2010 (Cth)**

Senate inquiry into, 49–64

**Patents**

ambiguities in legislative requirements, 49–64

for human genes and biological materials, 49–64

Nintendo video game production, 252–266

**Performances of works**

fair dealing in relation to, 157

**Pirated goods — see Intellectual property crime**

**Plain packaging of cigarettes**

functions of trade marks, 169–170

meaning of “encumbered by special requirements”, 166–167, 170

“right to use” trademarks, 96–110, 160–173

**Polo/Lauren case**

corresponding designs, 81–84

**Prejudice**

to “honour”, 182–185

moral right of integrity, 174–186

reputation and evidence of, 176–179

**Public domain, attempts to define — see also Copyright**

advantages of proposed definition, 122–123

broader and more modern notion, 111–138

categories of public rights, 123–137

Deazley’s categories of the (UK) public domain, 117

expansive categories, from the US, 115–117

“public rights” and the public domain in copyright, 122

relationships between public and private domains, 119–122

terminological issues: “public domain”, “public rights”, “user rights”, 113–114

theories about Australia’s copyright public domain, 112–113

towards a new definition, 119–123

a “traditional” alternative: Dusollier’s categories, 118–119

United States, 115–117

**Public health**

plain packaging and the TRIPS Agreement, 96–110, 160–173

**Public rights, categories of**

- Australia's public domain categories compared with others, 137–138
- constitutional exclusions, 127–128
- copyright has expired, 128

- neutral voluntary licensing, 134–135
- “public domain dedications”, 128–129
- public interest exceptions, 130
- public policy refusals, 129
- statutory exceptions, 132
- uses outside exclusive rights, 131–132
- works expressly excluded, 126–127
- works failing minimum requirements, 124–125
- works impliedly excluded, 125–126

**Quotation**

- defined, 150–151, 158
- exceptions to copyright infringement for, 142–159

**Red Bull — see Chia Khim Lee Food Industries Pte Ltd v Red Bull GmbH****“Registered” trademarks**

- implications of non-use of, 206–221

**Reputation — see Prejudice****Sculptures — see Art****Senate inquiry**

- Patent Amendment (Human Genes and Biological Materials) Bill 2010 (Cth), 49–64

**Substantiality**

- treatment of quotations, 143–144

**Tobacco products**

- plain packaging and the TRIPS Agreement, 96–110, 160–173

**Trade law**

- plain packaging and the TRIPS Agreement, 96–110, 160–173

**Trade mark intensity**

- colonial trade mark registrations, 232–241
- United Kingdom, 240–241

**Trade marks**

- in cigarette packaging — *see* **Plain packaging of cigarettes**
- colonial trade mark registrations, 222–251
- dilution of in Australia over time, 19–34
- effect of cessation of registration, 209–211
- expansion of generic top-level domains and, 44–45
- implications for expired registrations, cancelled registrations, and lapsed or rejected applications, 214–216
- implications of non-use (ceased registrations, failed applications and citation objections), 206–221

**Trade marks** — *continued*

- intellectual property crime, 187–201
- misrepresentation compared with anti-dilution, 26–27
- priority dates and rights of trade mark applicants, 206–221
- property-based approach, 27
- reform options, 216–221
- requirement of Southern Cross and subsequent cases, 211–214
- well known, register for, 32–33

**TRIPS Agreement**

- Art 20, applied to plain packaging of cigarettes, 103–106, 160–173
- Art 20, nature of “justification” under, 106–107, 167–169, 171–172
- Doha Declaration on the TRIPS Agreement and Public Health, 107–109
- meaning of “encumbered by special requirements”, 166–167, 170
- plain packaging and, 96–110, 160–173

**TVNZ**

- archival holdings of, 4–18

**United Kingdom**

- trade mark intensity in, 240–241

**United States**

- patentability of human genes and biological materials in, 49–64
- public domain definition in, 115–117

**Video game industry**

- leveraging complementary assets in, 252–266
- marketing vs patent protection for strength in, 253–255

**Website names** — *see* **Domain name system**
