Vol No 22 Part Nos 1 – 6, 2005

Affordable and social housing

- affordable housing, meaning, 9
- description of problem, 9-11
- housing affordability, meaning, 9
- housing stress, increasing, 10
- social housing, meaning, 9
- statutory planning for
 - Ireland
 - amendments to Planning and Development Act Pt V, 14-15
 - conditions to planning permissions, 12-13
 - constitutionality issues, 13-14
 - housing strategies, 11-12
 - New South Wales approach compared, 17-19
 - New South Wales
 - City West/Green Square, 15-17
 - Irish approach compared, 17-19

Antarctic treaty system, 251-252

Antarctica

- Australian sovereignty, 250-251

Australia-United States Free Trade Agreement *see* **Free trade**

Biodiversity conservation – *see also* Ecologically sustainable development; Environment protection

- Caring for Country and Culture initiative, 277-278
- Convention on Biological Diversity (UN), 262
 - access and benefit sharing
 - Access to Genetic Resources, 137-138
 - Ad Hoc Open Ended Working Group, 140
 - ANZECC report, 145
 - Australia's response, 144-152
 - Bonn guidelines, 140-141
 - Commonwealth legislation, 148
 - Conference of the Parties, 137-143
 - framework for implementation, 135-137
 - National Biotechnology Strategy, 150-151
 - National Consistent Approach, 151-152
 - National Report 1998, 146-147
 - National Strategy, 147
 - Panel of Experts, 138-139
 - private contract model, 149
 - Voumard Committee, 148-149

Biodiversity conservation – *continued*

- World Summit on Sustainable Development, 142
- intellectual property, 134, 135-136, 142-143, 153-157
- North/South divide, 131-133
- objectives, 130-131
- dugong hunting *see* **Dugong hunting**
- genetically modified crops *see* **Genetically modified crops**
- Great Barrier Reef *see* **Great Barrier Reef**
- international governance principles, 261-262
- kaitiakitanga, 278-279
- marine *see* Marine biological diversity conservation
- New Zealand approaches, 278-279
- offshore petroleum *see* **Offshore petroleum**
- Rio Declaration, Earth Summit, 262
- third party impacts, 308-309
- threatened species legislation
 - biodiversity banking, 456
 - biodiversity certification, 454-456
 - effect of, 451-452
 - meaning in, 451
 - objective, 446
 - perverse incentives, 453
 - recent amendments, effect of, 454-457
 - recovery plans, 452
 - seven part test, 457
 - single-species focus, 453-454
 - threat abatement plans, 452
- World Heritage Convention, 261-262

Biosolids *see* Recycled water and biosolids

Biota

- Australian Property Institute submissions, 161-162
- characterisation as property, legal difficulties, 160-163
- emergence and significance of, 159-160
- profiteering concerns, 162
- property law, background, 158-159
- title systems, development of secure, 162

Index

By-catch – see also Fishing law

- accreditation of fisheries regimes, 220-221
- by-catch action plan, 227
- Commonwealth policy, 225-227
- fisheries management and administration legislation, 224-225
- listed species
 - permits and approval, 218-219
 - recovery planning, 219-220
- meaning, 212
- mitigation action, 213
- national policy, 225-227
- protected species provisions, 215-218
- significance of problem, 213-214
- strategic assessments, 221-222
- threat abatement planning, 222-224

Calvary Hospital (Tas)

- planning schemes, enforcement by local council, 469-474

Constitution

- illegal fishing
 - automatic forfeiture provisions, 171-172
- world heritage, 393-394

Convention on Biological Diversity see Biodiversity conservation

Council of Australian Government (COAG)

- integrated catchment management (Vic), 106-107
- water management (NSW), 431, 441-442, 444

Dugong hunting

- community conservation strategies, 270-271
- current levels, 260
- draft national approach, 260
- traditional use of marine resources agreements
 - co-management potential, 274-275
 - conservation potential, 275-276
 - native title holders, 273-274
 - negotiation principles, 276-277
 - scheme outlined, 272
 - traditional owners, 273-274

Ecologically sustainable development – see also Biodiversity conservation; Environment protection

- dynamism, 447
- meaning, 447
- objective of threatened species legislation, 446
- precautionary principle, 448-449
- property vegetation plans, effect, 450-451

- socio-economic factors, double-counting, 447-448
- valuation, pricing and incentives, 449-451

England

- pollution control *see* **Pollution**

Environment protection – see also Biodiversity conservation; Ecologically sustainable development

- Environment Protection and Biodiversity Conservation Act 1999, 302
 - action, meaning, 24-28
 - actions with prior authorisation, 28-31
 - all adverse impacts, 35-38, 308-309
 - approval of controlled action, 22-24
 - existing lawful use, 28-31
 - finest, 23
 - principles for imposition, 5-6
 - government decisions excluded, 25-26
 - interpretation, rules of, 22
 - likely to have, meaning, 31-33
 - objects, 22
 - overview of structure, 22-24
 - referral, assessment and approval process, 22-24
 - significance, 21-22
 - significant impact, 33-35
- integrated catchment management (Vic), 105-106
- recycled water and biosolids, liability
 - Commonwealth legislation, 422-423
 - Victorian legislation, 421-422

Environmental regulation, 354

- small to medium-sized enterprises *see* **Small to medium sized enterprises**

Fair trading

- recycled water and biosolids, liability, 427-429

Fines

- biodiversity conservation, 23
- tree clearing, 5-6
- pollution control
 - England and Wales, 75-77, 80-81

Fishing law

- automatic forfeiture (s 106A), 169, 172-173
 - condemnation provisions, effect, 170
 - constitutional arguments, 171-172
- by-catch *see* **By-catch**
- hot pursuit, lawfulness (s 87), 170-171

Flying fox relocations

- conservation status, 231-232
- damage mitigation permits, 234-236
- distribution of foxes, 231-232
- ecology, 231-232
- ecological sustainability, 236-238
- method of relocation, 233-234
- political impacts, 238
- urban areas, 232
- vulnerable species listing, 234
- Food**
 - recycled water and biosolids, liability, 424-425
- Free trade**
 - Australia-United States Free Trade Agreement
 - environmental provisions, 409-411
 - dispute resolution, 410-411
 - joint committee, 411
 - need for formal environmental body, 414-416
 - North American Agreement compared, 414-415
 - North American Agreement on Environmental Cooperation
 - Australia-US, comparison, 414-415
 - citizen submissions, 412, 413
 - Council on Environmental Cooperation, 411-412
 - effectiveness, 413-414
 - dispute resolution, 412-413, 414
 - framework, 411-412
- Genetically modified crops**
 - benefits to biodiversity, 175-176
 - canola, 177-178
 - Cartagena Protocol, 245-247
 - environmental impact assessments, 187
 - exempt dealings, 191
 - gene flow to other species, 177-178
 - gene stacking, 177
 - herbicide tolerant crops, 176-177
 - herbicide use, reduction, 176
 - increased management options, 176
 - insect resistant crops, 177
 - insecticide use, reduction, 176
 - insurance against risks, 189
 - licences, 189-190
 - ongoing ecological monitoring, 188-189
 - public participation, 187-188
 - regulation under Gene Technology Act 2000 (Cth)
 - establishment of national scheme, 178-179
 - objectives of Act, 179
 - risks to biodiversity, 176-178
 - risks to integrity of non-GM crops, 178
 - scientific risk assessment approach
 - environment, definition, 185-186
 - inadequacies, 180-184
 - objectiveness challenged, 182-184
 - scientific uncertainty risk, 180-182
 - scope of OGTR's powers, 190-191
 - super weeds, 177
 - transboundary shipments
 - adventitious or technically unavoidable content, 246
 - Codex food labelling standards, 247-248
 - documentation requirements, 247
 - identification, 245-246
 - may contain, meaning, 246
 - weed control, improved, 175
 - virus resistant crops, 176-177
- Great Barrier Reef**
 - Australia's legislative framework, 263-266
 - dugong hunting in *see* **Dugong hunting**
 - Environment Protection and Biodiversity Conservation Act 1999, 264-265
 - Great Barrier Reef Marine Park Act 1975, 263-264
 - native title right to hunt, 266-268
 - conservation limits, 268-270
 - state legislation, 265-266
 - World Heritage Area, 258-259
- Greentree case, 325**
- Health**
 - recycled water and biosolids, liability, 423
- Housing**
 - affordable *see* **Affordable and social housing**
 - social *see* **Affordable and social housing**
- Integrated catchment management *see* Water**
- Integrated planning *see* Planning**
- Intellectual property**
 - biodiversity conservation, 134, 135-136, 142-143, 153-157
- Ireland**
 - affordable housing *see* **Affordable and social housing**
- Japanese whaling case *see* Whaling**
- Land and Environment Court (NSW)**
 - mediation, 381-382
- Livestock, disease control**
 - recycled water and biosolids, liability, 424-425

Index

Lumley creek, Bungonia (NSW), 205-210

Marine biological diversity conservation

- areas beyond national jurisdiction
- Common Heritage of Mankind, 465, 467-468
- freedom of the high seas, 466-467
- gaps in exercise of existing mandates, 463-464
- gaps in mandate or competence, 462-463
- institutional gaps, 464-465
- international peace threat, 467
- legal mandate, 460-462
- meaning, 460
- reform, 465-468
- shortcomings, 462-465
- tragedy of the commons, 466
- importance, 459
- reduction in diversity, reasons, 459-460

Mediation of environmental conflicts

- accreditation of mediators, 378-380
- characteristics of environmental conflicts, 375-376
- code of conduct for mediators, 379-380
- confidentiality, 371, 372
- creative solutions, 375
- evaluation methods, 380-381
- fees, 381
- future trends, 382-383
- good faith negotiations, 377
- guidelines for mediators, 379
- intergenerational equity, 371-372
- intragenerational equity, 372
- judicial review, 373
- Land and Environment Court (NSW), 381-382
- managerial direction, alternative, 371
- neutrality of mediator, 374-375
- non-authoritative results, 375
- philosophy of mediation, 370-371
- principled bargaining approach, 377
- power imbalances, 373-374
- public interest issues, 371
- rapid increase in mediation generally, 369
- selection of parties, 377-378
- voluntariness, 373

Native title

- right to hunt, 266-268
- conservation limits, 268-270

Native vegetation

- property vegetation plans

- ecologically sustainable development, effect, 450-451

Negligence

- recycled water and biosolids, liability, 426-427

New South Wales

- affordable housing *see* **Affordable and social housing**
- water management *see* **Water**

North American Agreement on Environmental Co-operation *see* Free trade

Nuisance

- recycled water and biosolids, liability, 425

Occupational health and safety

- recycled water and biosolids, liability, 423

Offshore petroleum

- all adverse impacts, 309-313
 - implications for petroleum industry, 313-316
- broken pipelines, 312
- constitutional legislative powers, 301-302
- current local reserves, 298-299
- economic significance, 296-298
- environmentally significant areas, 302-305
- international environmental obligations, 300, 316-319
- oil spills, 309-311
- potential environmental impacts, 305-308
- terrorism, 312-313
- third party environmental impacts, 309-313
- United Nations Convention on the Law of the Sea
 - Art 56, 316
 - Art 60, 317
 - Art 194, 317-318
 - Art 208, 318
 - Art 214, 319

Planning

- affordable housing, for *see* **Affordable and social housing**
- integrated catchment management (Vic), 119-121
- integrated planning (Qld), 89-90
 - assessable development, 282-283
 - code-assessable development, 283
 - development decision-making, 282-284
 - impact-assessable development, 283
 - planning schemes, interpretation, 284-286
 - policy statements, interpretation, 286-290, 293-294
 - reforms outlined, 281-282

Planning – continued

- sufficient planning grounds, 283-284
 - desired environmental outcomes, 291-292
 - ecological sustainability, 291
 - obsolescence, 290-291
 - State Planning Policies, 291
 - strategic objective of scheme, 292
- planning schemes (Tas)
 - enforcement obligations of local council, 469-474
- South-East Queensland Regional Plan, 291
 - desired regional outcomes, 92-93
 - ecological sustainability, 93-94
 - land categories, 93
 - objectives, 91-94
 - preparation, 90
 - regulatory provisions, 91, 94, 95
 - statutory context, 90-91
 - structure, 90-91

Pollution

- pollution control laws, enforcement in England and Wales
 - administrative civil penalties, 78
 - administrative enforcement, 73
 - administrative notices, 79
 - adverse publicity orders, 79
 - community project orders, 79-80
 - community service orders, 77
 - compensation orders, 77
 - compliance-based strategy, 71-73
 - corporate criminal liability, 74-75
 - corporate rehabilitation orders, 80
 - criminal prosecution, 74-78
 - custodial sentences, 77
 - discharges, 77
 - finer, 75-77, 80-81
 - licence suspension and revocation, 73-74
 - probation orders, 77
 - reform recommendations, 78-81
 - strict liability, 70-71
 - unlawful conduct, definition, 69-71
- water pollution
 - agricultural non-point pollution
 - auctioned payment, 62-64
 - best management practices, 61-62
 - economic obstacles, 59-60
 - incentive charges, 64-66
 - nature, 57
 - political and institutional obstacles, 57-59
 - Swan-Canning River system, 60-62

- light industry – Swan-Canning River catchment
 - commercial supply chain regulation, 345-346
 - current regulatory arrangements, 331-333
 - Department of Environment regulation, 331-332, 341
 - industry associations, 344-345
 - information and education, 335
 - inspection and enforcement, 338
 - local government regulation, 332-333, 341-344
 - neighbourhood Environmental Impact Plans, 338-339
 - policy instruments, 335-340
 - positive incentives, 336
 - profile of light industry, 329-331
 - self-inspection and self-audit, 337
 - strategy, components, 333-335
 - Swan-Canning Industry Survey, 329-330
 - Water Corporation regulation, 333, 346-347

Property

- biota *see* **Biota**

Property vegetation plans *see* Native vegetation**Queensland**

- integrated planning *see* **Planning**

Recycled water and biosolids (Vic)

- civil liability
 - contract, 429-430
 - Crown immunity, 428-429
 - fair trading legislation, 429
 - negligence, 426-427
 - nuisance, 425
 - statutory immunities, 430
 - trade practices legislation, 427-429
- criminal liability
 - Environment Protection Act 1970 (Vic), 421-422
 - Environment Protection and Biodiversity Conservation Act 1999 (Cth), 422-423
 - Food Act 1994 (Vic), 424-425
 - Health Act 1958 (Vic), 423
 - Livestock Diseases Control Act 1994 (Vic), 424-425
 - Occupational Health and Safety, Act 2004 (Vic), 423
 - Safe Drinking Water Act 2003 (Vic), 423-424
 - Guidelines for Environmental Management, 419-420

Index

Recycled Water and biosolids (Vic) – continued

regulatory framework, 419-420
risks from use of, 418,421

Rivers

creek, differences, 202-205
ephemeral stream, 201-202
inadequacies of current legislative scheme, 210
intermittent stream, 201
judicial definitions, 197-200
legislative definitions, 194-197
Lumley Creek, Bungonia (NSW), 205-210
perennial stream, 201
stream, differences, 202-205
terminology, differences in, 202-205

Safe drinking water

recycled water and biosolids, liability, 423-424

Small to medium sized enterprises

economic significance, 351
environmental impacts, 351-352
environmental regulation
management characteristics as barrier, 352-353
optimal
command and control regulation, 361-362
co-operative environmental networks, 364-367
economic incentives, 360-361
environmental management systems, 358-359
framework, Gunningham and Sinclair, 354-356, 362-364
industry co-regulation, 360
information and education, 356-357
local government, 366
self-audit, 357-358
self-inspection, 357-358
self-regulation, 357-358
supply chain pressure, 359-360
surrogate regulations, 364-367

Swan-Canning River system (WA)

non-point pollution
agricultural, 60-62
light industry *see* **Pollution**

Tasmania

planning schemes, enforcement by local council, 469-474

Terrorism

offshore petroleum, 312-313

Threatened species – see also Biodiversity conservation; Ecologically sustainable development

flying foxes, 234
socio-economic factors, double-counting, 447-448
Threatened Species Conservation Act 1995 (NSW)
objectives, 446
recent amendments, effect of, 454-457

Trade

GM products *see* **Genetically modified crops**

Trade practices

recycled water and biosolids, liability, 427-429

Traditional Use of Marine Resources

Agreements

dugong hunting *see* **Dugong hunting**

Treated water see Recycled water and biosolids

Tree clearing

finances, principle for imposition, 5-6

TUMRAs

dugong hunting *see* **Dugong hunting**

United kingdom

pollution control, England and Wales *see* **Pollution**

Victoria

integrated catchment management *see* **Water**
recycled water and biosolids *see* **Recycled water and biosolids**

Wales

pollution control *see* **Pollution**

Water – see also Rivers

agriculture, environmental effects, 98-99
environmental requirements, 97-98
integrated catchment management (Vic)
Catchment and Land Protection Act 1994, 108-110
CoAg, 106-107
definition, 101-103
development, 101
Environment Protection and Biodiversity Conservation Act, effect, 105-106
financial assistance power, 104
Heritage Rivers Act 1992, 118-119
legislation, crucial role, 103
legislative framework, 108-110

Water – continued

- Natural Resource Management Framework, 104-105
- reform suggestions
 - adaptive management, 126-127
 - cumulative impact, 126-127
 - environmental principle, integration, 121-122
 - farmers' position, 127-128
 - interagency co-operation, 123
 - intergovernmental co-operation, 123
 - land aspects, integration, 124-126
 - public participation provisions, 123-124
- river protection, 118-119
- statutory planning, 119-121
- Water Act 1989, 110-115
- water quality management provisions, 115-118
- water quantity management provisions, 110-115
- recycled *see* **Recycled water and biosolids**
- treated *see* **Recycled water and biosolids**
- water management, need for holistic approach, 99-101
- water management (NSW)
 - access licensing, 4323-433
 - available water determinations, 433-434
 - CoAg, 431, 441-442, 444
 - entitlements, risks to share or volume
 - climate change, 436
 - general legislative review requirements, 438
 - nature of risk, 434-435
 - non-renewal, 434
 - plan reviews, 437-438
 - political change, 435-436
 - severe water shortages, 439
 - temporary water restrictions, 439
 - user demand, changes in, 436-437
 - Water Sharing Plan amendments, 438-439
 - water source knowledge, changes in, 435
- guidance on decision-making, 439-440
- risk sharing, 441-443
- water resources, management (WA)
 - Audit Report 2003
 - key findings, 41-43
 - key issues from, 43
 - fees, imposition of, 50-52
 - precautionary principle
 - factual bases for, 47-48
 - mandate to apply, 44-47
 - unsuccessful reliance on, 43-44
 - proactive powers, need for, 48-50
 - Water and Rivers Commission
 - legal duty, whether fulfilled, 52-53

Western Australia

- water resources management *see* **Water**

Whaling

- Antarctic Treaty System, 251-252
- Australian regulation within exclusive economic zone, 254
- Australian sovereignty in Antarctica, 250-251
- international regulation, 252-254
- Japanese whaling case, 254
 - appeal, 256
 - Attorney-General's submissions, 255
 - diplomatic implications, significance, 256-257
 - evidence, 255
 - international legal issues listed, 250
 - scientific research, Japanese, 252-254

Words and phrases

- action, 24-28
- affordable housing, 9
- all adverse impacts, 35-38, 308-309
- areas beyond national jurisdiction, 460
- creek, 202
- ecologically sustainable development, 447
- existing lawful use, 28-31
- housing affordability, 9
- housing stress, 10
- intergenerational equity, 371-372
- intragenerational equity, 372
- likely to have, 31-33
- may contain, 246
- river, 195, 196, 197, 198
- significant impact, 33-35
- social housing, 9
- stream, 202
- sufficient planning grounds, 283-284
- water body, 196
- watercourse, 198

World heritage

- Australian history, 385-386
- constitutional issues, 393-394
- Environment Protection and Biodiversity Conservation Act 1999, 388-389
- external affairs power, 394-395
- Operational Guidelines, 390-392
- Outstanding Universal Value, 392
- property, former legislative importance, 386
- values and property, current separation, 388
- World Heritage Convention, 389
 - Australian breach, 392-393
- World Heritage Properties Conservation Act 1983, 386-388
