## **Abortion**

fetus, legal status of, 33-34

**Acupuncture** – *see* **Complementary medicine**

**AIDS** – *see* **Public health**

**Alternative medicine** – *see* **Complementary medicine**

## **Anorexia nervosa**

competence of patients with, 316-324, 445  
research on, 317-324  
discussion, 318-321  
method, 317  
results, 317-318, 322-324  
confidentiality of patients with, 316-324

## **Automatism**, 61-68

common law  
alteration to approach, possible, 67  
how deals with, 64  
conditions in which occurs, 63  
definition of, legal, 62-63  
diabetes and, 62, 67  
epilepsy and, 61, 62, 63, 66  
non-common law approach, 65-66  
recent changes, 66  
“sane” or “insane”, 61-62, 64-65, 67

**Autopsies** – *see* **Death, investigation**

**Bioterrorism** – *see* **Public Health**

**Birth, wrongful** – *see* **Wrongful life claims**

## **Blood tests**

consent, without, 110-113  
court order to take blood, 111-112  
necessity or emergency, 112-113  
person in motor/boating accident, 110  
police assess person as drug-impaired, 110-111

**Breach of confidence** – *see* **Medical records**

## **Canada**

electronic health records, 395-397  
information to be included, 396  
use for secondary purposes, 397  
who is to have access to, 396-397  
end-of-life guidelines, 397-398  
Medicare versus private health insurance, 394-395  
mini-medical school, 398

## **Capacity to decide**

refusal of treatment – *see* **Medical treatment**

## **Cervical manipulation**

definition of, 174  
information exchange regarding, 178-186  
assessing patient’s knowledge and perceptions, 181-182  
style of communication, 178-180  
timing of information, 181  
verbal communication, 180-181  
reinforced by written information, 182-183  
video or computer, by, 184  
written communication, 183-184  
learnability, 184  
legibility, 184  
readability, 183-184  
reinforcing verbal communication, 182-183  
informed consent  
clinical practice and, 176-178  
current physiotherapy practice, 184-185  
legal obligations, 175-176  
pre-manipulative screening guidelines, 176-178  
studies of, 175

## **Child**

*see also* **Anorexia nervosa; Fetus**  
competence of, 310-314, 443  
consent to treatment, 310-313  
refusal of treatment, 313-314  
test of, 311-312  
confidentiality rights, 314-315  
involuntary treatment, 84-96  
best interests, 92  
child life specialist, 95  
guidelines for ethical practice, 95
