
Index

Abortion

- access and protest in Australia, 510–515
- bubble legislation in United States and Canada, 510, 512–515
- criminal law in Australia, 409–413

Accidents

- falls and fall-related injuries, 16–17

Advance directives, 59–76

- Australia, 62–64, 74
- Canada, 59–73, 75–76

AIDS

- disclosure of HIV-positive status, 18–19

Ambulance officers

- rendering assistance, 421–425

Assisted death – see Euthanasia

Birth, wrongful – see Wrongful life claims

Canada

- advance directives, 59–73, 75–76

Cancer

- diagnoses – *see* **Gynaecological cytopathology**
- proof of causation, 112–121

Capacity to decide – see also Competence

- degrees of, 489–490
- refusal of treatment – *see* **Medical treatment**
- risk-related standard of determination, 482–491

Catholic Church

- end-of-life decisions, 7

Causation

- proof, 112–121
- tort law reform, 492–509

Child

- migration law and therapeutic jurisprudence, 133–135

Clinical risk management

- responsibility for, 48–58

Cloning

- prohibition on human reproductive cloning, 351–372

Competence – see also Advance directives;

Capacity to decide; Consent

- withdrawal of nutrition and hydration, 286–291

Conception, wrongful – see Wrongful life claims

Confidentiality – see also Medical records;

Privacy

- disclosure of HIV-positive status, 18–19
- medical records, 138–140

Consent

- HealthConnect* system, 269–273

Crime

- medical treatment and, 274–277

Crime investigation – see Polygraph testing

Data registers – see also Privacy

- NHMRC Guidelines (2000), 335

Death

- sudden unexpected death in epilepsy (SUDEP), 414–416

Diminished responsibility

- murder defence, 103–111

Discrimination

- interstate trade and commerce, 249–251

Doctor–patient relationship – see Medical practitioners

Drugs

- inadvertent administration of potassium chloride, 146–147

Duty of care – *see* **Negligence; Wrongful life claims**

Electronic health records – *see* **Medical records**

Embryo

import and export of gametes and embryos, 239–256
stem cell transplants, 20–23

Emergency care and treatment
rendering assistance, 421–425

Employment

medical examinations, 93–102
polygraph testing in United States, 29–30

End-of-life guidelines – *see* **Euthanasia; Life support**

Epilepsy

sudden unexpected death in epilepsy (SUDEP), 414–416

Euthanasia – *see also* **Life support**

Australian legislation, 79–81
Netherlands legislation, 312–323
politicians' opinions, 77–92

Expert evidence

detention of children, 135
knowledge and qualifications of non-professionals, 426–427
proof of cancer causation, 117–120

Falls and fall-related injuries, 16–17

Family Court

migration law and therapeutic jurisprudence, 133–135

Freedom of interstate trade

import and export of gametes and embryos, 239–256

Gene technology

commercialisation of research, 122–126

protection of human genetic information, 428–445
stem cell transplants, 20–23

Genetic databases – *see* **Data registers**

Good Samaritans

emergency care and treatment, 421–425

Gynaecological cytopathology

civil liability and regulatory governance, 192–200
potential for false results, 185–192

HIV/AIDS

disclosure of HIV-positive status, 18–19

Human cloning

prohibition, 351–372

Human genetic information

protection of, 428–445

Human reproduction

self-determination of means as right, 354–357

Human tissue donation

ethical guidance and legal enforceability, 331–340

Hydration – *see* **Nutrition and hydration**

In vitro fertilisation (IVF)

stem cell transplants, 20–23

Indemnity insurance – *see* **Medical indemnity insurance**

Infertility treatment

access to, 9–15
self-insemination and lesbian couples, 11–12
stem cell transplants, 20–23

Injuries

numerical assessment scales and scoring systems, 416–420

Insurance – *see* **Medical indemnity insurance**

Intervention
non-party, 5–8

IVF – *see* **In vitro fertilisation (IVF)**

Japan
medical malpractice litigation, 162–184

Life support – *see also* **Euthanasia; Nutrition and hydration**
withdrawal, 265–268

Living wills – *see also* **Advance directives**
Canada, 66–68

Malpractice – *see* **Medical malpractice**

Medical examinations
employment, 93–102

Medical indemnity insurance – *see also* **Negligence; Professional indemnity insurance**
Commonwealth reforms, 214–229, 324–330

Medical malpractice
litigation in Japan, 162–184
litigation in United Kingdom, 162–168, 175–176, 183–184

Medical practitioners
co-regulation and peer review, 382–389
doctor–patient relationship and adversarial system, 325–328
duty of care to instruct receptionists, 278–281
emergency care and treatment, 421–425
regulation and recent decisions, 401–408
responsibility for clinical risk management, 48–58

Medical receptionists
duty of care, 278–281

Medical records – *see also* **Data registers; Privacy; Research**
electronic
HealthConnect system, 269–273

Medical treatment – *see also* **Consent**
criminalisation of mistakes, 274–277
emergency care and treatment, 421–425
nutrition and hydration, 292–311
palliative care and, 295–296, 299–300
refusal of
public interest and *amici curiae*, 5–8

Medication errors
inadvertent administration of potassium chloride, 146–147

Migration law
therapeutic jurisprudence, 133–135

Murder
diminished responsibility defence, 103–111

duty of care and medical receptionists, 278–281
nurses' liability, 148–152
vicarious liability, 149–150

Netherlands
euthanasia legislation, 312–323

Nurses
emergency care and treatment, 421–425
liability for negligence, 148–152
role of Nurses' Boards in regulation, 341–350

Nutrition and hydration – *see also* **Life support**
incompetent patient, 286–291
medical treatment and, 292–311
palliative care and, 282–296

Orthopaedics
clinical risk management, 48–58

Palliative care

medical treatment and, 295–296, 299–300

Pap smear test – see Gynaecological cytopathology

Patents

sufficiency for living organism inventions, 373–381

Pharmaceuticals

commercialisation of genetic research, 122–126

Polygraph testing

admissibility of results in criminal trials, 31–33
 Australian use of, 25–26, 40–43
 characteristics, 33–35
 crime investigation in Australia, 24–47
 deception, for, 27
 private sector use, 43
 prohibition (NSW), 43–45
 regulation, 45–47
 United States, in, 27–30
 utility, 39–40
 validity, 35–39

Pregnancy, wrongful – see Wrongful life claims

Privacy – see also Data registers

medical records, 136–145

Privilege – see Therapeutic privilege

Professional indemnity insurance – see also Medical indemnity insurance

nurses, 150–151

Property

human body, 245–249

Protectionism

interstate trade in gametes and embryos, 251–253

Psychiatric impairment

rating methods, 446–481
 treatment refusal and capacity, 491

Public health

disclosure of HIV-positive status, 18–19

Public interest

amici curiae and, 5–8

Refusal of medical treatment – see Medical treatment

Registers, data – see Data registers

Reproductive rights – see Human reproduction

Research – see also Tissue donation

commercialisation of genetic knowledge, 122–126
 proof of cancer causation, 112–121

Restraint of trade – see Freedom of interstate trade

Risks

responsibility for clinical risk management, 48–58
 risk-related standard of determination of capacity to decide, 482–491

Standards of proof

causation of cancer, 112–121

Stem cell transplants, 20–23

Sterilisation

negligent – see Wrongful life claims

Sudden unexpected death in epilepsy (SUDEP)

exclusionary causes of death, 414–416

Thalassaemia

stem cell transplants, 20–23

Therapeutic jurisprudence

migration law, 133–135

Therapeutic privilege

defence in Australia, 201–213

Tissue donation

ethical guidance and legal enforceability,
331–340

Tort law – *see also* Negligence

medico-legal reform, 324–330
statutory principles of causation and
common law, 492–509

**Trade – *see also* Freedom of interstate
trade**

in human tissues, 333–334

Trauma – *see* Injuries**United States**

human cloning, 366–367
polygraph testing, 27–30

Wrongful life claims

arguments for and against, 230–238
costs of raising healthy child recoverable,
153–161
