 - genetic essentialism, 800-801

Patenting genetic material

- case law, 282-299
 - Australia, 295-298
 - basis of an Australian decision, 296-298

- patentable subject matter: manner of manufacture requirement, 296-298
 - litigation, 295-296
- challenges to BRCA gene patents, 288
- challenging gene patents (US, Europe & Australia), 285-286
 - Europe, 293-295
 - BRCA patents, 293-295
 - opposition hearings, 293
 - history of BRCA genes, 286-287
 - Myriad's conduct in regard to BRCA patents, 287-288
 - overview of genes, 285
 - patent law, 284-285
 - subject matter, 285
 - United States, 289-293
 - BRCA litigation, 289-290
 - patentable subject matter, 290-293
 - isolated DNA claims, 290-292
 - process claims, 292-293

Patents

- genetic inventions – *see* **Patenting genetic material**
- pharmaceutical
 - freedom of information applications by patent-holding pharmaceutical companies, 43-52

Patient autonomy

- ethical crisis (NZ 1960s & 1970s), 244-249

Pharmaceutical industry – *see also* **Drugs, therapeutic**

- freedom of information applications by patent-holding pharmaceutical companies, 43-52

Pharmacy ownership

- regulation, 147-154
 - discussion, 153-154
 - legislation, 147-151
 - definition of pharmacy ownership, 150-151
 - regulation of pharmacists, 148-150
 - regulation of premises & practice, 148
 - pharmacy location rules, 151-153

Photosynthesis

- global artificial photosynthesis project, 275-281
 - basic science of artificial photosynthesis, 276-278
 - governing global collaboration, 278-281

Physical injury

mental injury distinguished – *see* **Psychiatric injury**

Post-mortem examination – *see* **Autopsies**

Pregnancy – *see also* **Abortion**

alcohol consumption – *see* **Fetal alcohol spectrum disorder**

Preimplantation genetic diagnosis

regulation (Vic), 831-833

Privacy – *see also* **Data linkage**

donor conception – *see* **Donor conception**

Professional indemnity insurance

nurses & midwives, 678-684
appropriate professional indemnity insurance coverage, 680-681
background to National Law, 679-680
conclusion, 684
midwives in private midwifery practice, 682-683
nurses & midwives who are employees, 681
nurses in private nursing practice, 682

Property

sperm – *see* **Sperm**

Psychiatric injury

physical injury distinguished, 593-609
civil liability law reforms, 597-599
common law mental injury, 594-597
conclusion, 608-609
objective diagnosis & legal proof, 599-601
proof of mental injury, 599-600
“recognised” versus “recognised”, 600-601
“seriousness” of mental & physical injury, 606-608
unforeseeable plaintiffs, 601-606
foreseeability of mental injury, 601-603
placing justifiable & fair controls on mental injury, 603-606

Quackery

Brinkley (book review), 854-856
cancer (book review), 201-202

Racial discrimination

conditional donation of tissue – *see* **Umbilical cord blood banking**

Regenerative tissue donation – *see* **Human tissue donation**

Religious perspectives

umbilical cord blood banking, 497-511
Anglican, 501-504
Buddhist, 508-510
Catholic, 500-501
discussion, 510-511
Hindu, 507-508
Islamic, 506
Jewish, 504-506
practical implications, 511

Residential care

deaths of people under 50 years (Vic), 53-68
monitoring and reporting deaths, 55-56
research, 56-57
conclusion & recommendations, 67
method, 57-67

Restricted drugs – *see* **Drugs, therapeutic**

Right to die

euthanasia, 610-611

Secret inquests

debate on (UK), 569-592
conclusion, 588-592
coronial reform, 569-573
“counter-terrorism” context, 573-576
public accountability, 579-583
Rodney case, 576-579
secrecy in UK coronial law reform, 583-588

Sexual offences

sexual assault examinations
forensic medical samples, 32-35

Sperm

removal of from deceased husband
Edwards, Re (2011), 479-488
commercialising sperm, 483-484
consent for sperm removal, 484-486
exporting sperm from jurisdiction, 482-483
human rights, 486-488

- mitigating factors in use of sperm after
possessory right established, 486
- proprietary right in bodies & tissues, 480-482
- Stem cell research – see Umbilical cord blood banking**
- Substance abuse**
 - detention – *see* **Detention**
- Suicide – see also Euthanasia**
 - assisted by physician
 - pressure to access, 615-618
 - pressure to request access to, 613-615
- Television advertising**
 - regulation of food advertising to children, 128-146
 - conclusion, 145-146
